

Defining Safety

In this very first episode of How We Heal, we will define what safety really means to us and how our sense of safety affects our everyday lives. Join me, Lauren Hubele, and my colleagues Meagan Lemp and Cameron Scott as we dive into safety from perspectives in gemmotherapy, psychotherapy and eastern medicine.

Exploring Polyvagal Theory: The Central Nervous System as Your Command Central

Trauma therapist and passionate polyvagalist Cameron Scott rejoins Lauren in this episode. Together they discuss the build-up of chronic trauma and why changing habitual patterns begins with the central nervous system.

The polyvagal theory is the masterful work of Dr. Stephen Porges that in short, helps us see and understand habitual emotional patterns enough to interrupt them. In this organic series of on the spot learning, Health educator and Gemmotherapy expert Lauren Hubele, Japanese Acupuncturist Maegan Lemp guests explore the use of the Polyvagal Theory as a guide for selecting extracts.

Exploring Polyvagal Theory: Activism and your Autonomic Nervous System

Our current times have encouraged many to rally and join

forces with local activist movements. But have you considered how that engagement may impact your nervous system?

Maegan and Lauren provide a quick overview of the three principles of Polyvagal Theory which then sets the stage for a first-hand account from guest Christine Terrell. Just back from a local activist opportunity, Christine shares her experience and what she learned about the pre-conceptual responses of her autonomic nervous system.

The polyvagal theory is the masterful work of Dr. Stephen Porges that in short, helps us see and understand habitual emotional patterns enough to interrupt them. In this organic series of on the spot learning, Health educator and Gemmotherapy expert Lauren Hubele, Japanese Acupuncturist Maegan Lemp guests explore the use of the Polyvagal Theory as a guide for selecting extracts.
